

Cambrian Mountains Glamping & Camping

Hamper Booklet

Supporting local Welsh food producers

We love giving all our guests a selection of the lovely Welsh produce from Wales, especially producers within the Cambrian Mountains. We have a great selection of carefully sourced produce to choose from.

We have decided to put together some bespoke hampers to showcase their produce.

Included in a basket or box with cellophane wrapping and a bow.

Below is a selection of the produce we can put together for your hamper.
(prices depend on selected products)

Choose a hamper from our range or create a bespoke hamper to suit the occasion.

Please be aware that hampers are subject to availability. *We will contact you if we need to substitute an item to a similar type and value.*
